Associate Professional in Talent Development (APTD) – Preparation Course

Duration	Category	Ref
2 Weeks	**Special Courses**	**SC386**
Language	Certificate	
English	**Certificate of attendance**	

Introduction

In today's dynamic business environment, talent development has become a critical driver of organizational success. Effective talent development ensures that organizations not only attract but also retain, develop, and maximize the potential of their workforce. Managers play a pivotal role in this process by aligning talent strategies with business goals and fostering a culture of continuous learning and growth.

The Associate Professional in Talent Development (APTD) certification, offered by the Association for Talent Development (ATD), recognizes professionals who demonstrate foundational knowledge and capability in talent development practices.

The APTD Preparation Course, designed by Global Horizon Plus Training Center, is a comprehensive 10-day training program created to help participants prepare for the APTD certification exam. The course provides a structured review of key concepts in the ATD Talent Development Capability Model™, exam preparation strategies, and practical learning activities to strengthen participants' understanding of talent development practices.

This program focuses on building both theoretical knowledge and practical application, enabling participants to approach the APTD certification exam with confidence while also enhancing their professional capability in talent development.

Objectives

By the end of this training program, participants will be able to:

- Understand the structure and domains of the APTD certification exam
- Apply the key competencies within the ATD Talent Development Capability Model™
- Understand core principles and best practices of talent development
- Design and support effective learning and development initiatives
- Apply performance management, coaching, and mentoring approaches
- Develop succession planning and career development strategies
- Use data and analytics to evaluate talent development effectiveness

- Strengthen their readiness and confidence for the APTD certification exam

Course Methodology

The program combines a variety of learning approaches to support exam preparation and practical understanding:

- **Interactive Lectures** covering key frameworks and concepts
- **Case Studies** highlighting real-world talent development practices
- **Hands-on Workshops** for designing learning and development solutions
- **Role-Playing and Simulations** for coaching and performance discussions
- **Group Discussions** to exchange professional experiences
- **Practice Questions and Exam Preparation Activities**
- **Action Planning** to apply learning within participants' organizations

Organizational Impact

Organizations that support employees in APTD preparation can benefit from:

- Stronger talent development practices across departments
- Improved employee engagement and retention
- Enhanced workforce capability aligned with business strategy
- Development of future leaders through structured learning initiatives
- Better performance management and coaching practices
- Improved measurement of learning impact and development initiatives

Personal Impact

Participants will gain:

- A structured pathway to prepare for the **APTD certification exam**
- Strong understanding of the **ATD Talent Development Capability Model™**
- Improved knowledge of learning and development best practices
- Enhanced coaching, mentoring, and performance management skills
- Greater professional credibility in the talent development field
- Increased readiness for certification and career advancement

Target Audience

This course is designed for:

- Managers and team leaders responsible for developing talent
- HR professionals involved in learning and development initiatives
- Supervisors who want to strengthen coaching and performance management skills
- Organizational development practitioners
- Professionals planning to take the **APTD certification exam within the next 6–12 months**
