Duration	Category	Ref
1 Week	**PR & Media**	**PR400**
Language	Certificate	
English	**Certificate of attendance**	

Introduction

This course provides a comprehensive theoretical foundation in public relations, focusing on communication strategies, media relations, and reputation management. It equips participants with the knowledge required to build and maintain a positive organizational image, manage stakeholder relationships, and respond effectively to communication challenges in various professional environments.

Objectives

By the end of this course, participants will be able to:

- Understand core public relations concepts and frameworks
- Identify key stakeholders and manage relationships effectively
- Develop communication and public relations strategies
- Understand media relations and communication channels
- Recognize crisis communication principles
- Apply branding and reputation management concepts
- Evaluate PR performance and communication impact

Organizational Impact

Organizations will benefit from:

- Improved public image and brand reputation
- Stronger communication with stakeholders and the public
- Better handling of media and public interactions
- Enhanced preparedness for crisis situations
- More consistent and strategic communication practices

Personal Impact

Participants will gain:

- Strong theoretical understanding of public relations practices

- Improved communication and messaging awareness
- Enhanced ability to manage public perception
- Better understanding of media and communication channels
- Increased confidence in handling PR-related responsibilities
