Security Policies, Procedures & Compliance

Duration	Category	Ref
1 Week	**PR & Media**	**PR471**
Language	Certificate	
English	**Certificate of attendance**	

Introduction

Effective security management requires clearly defined policies, documented procedures, and compliance frameworks that establish consistent standards for protecting people, assets, facilities, and organisational operations.

The Security Policies, Procedures & Compliance course provides participants with an understanding of how to develop, implement, maintain, and evaluate security policies and procedures aligned with organisational requirements and applicable legal and regulatory obligations.

The course explores security governance, policy development, operational documentation, compliance monitoring, and continual improvement to support consistent and accountable security operations.

Course Objectives

By the end of this course, participants will be able to:

- Understand the principles and importance of security policies and procedures.
- Distinguish between security policies, standards, guidelines, and procedures.
- Identify organisational and regulatory requirements affecting security operations.
- Understand the process of developing effective security policies.
- Establish clear security procedures and operational responsibilities.
- Improve consistency and accountability in security operations.
- Understand security compliance monitoring and evaluation.
- Identify policy gaps, nonconformities, and areas for improvement.
- Support the implementation of security governance frameworks.
- Promote continual improvement in security policies and procedures.

Target Audience

This course is designed for:

- Security Managers and Department Heads.
- Security Supervisors and Team Leaders.
- Security Officers and Operations Personnel.

- Corporate Security Professionals.
- Compliance and Risk Management Professionals.
- Quality and Governance Professionals.
- Facility and Asset Protection Managers.
- Personnel responsible for developing or implementing security policies and procedures.

Recommended level: Introductory to Intermediate.
