Introduction

Leadership is a critical skill for individuals at all levels of an organisation. However, as individuals progress in their careers and assume greater responsibilities, their leadership skills must evolve as well. Advanced leadership requires a deep understanding of one's own leadership style, as well as an ability to adapt to the needs of the organisation and the team. Effective advanced leaders are skilled at leading change, inspiring and motivating others, and developing talent.

Course Objectives of Advanced Leadership

By the end of this training programme, participants will be able to:
