Introduction

This training course has been designed specifically for experienced individuals who want to improve their skills in the often complex and rapidly changing oil, gas, and petrochemical industries.
This course will provide a framework for recognising and responding to new opportunities. It enables participants to respond to the challenge of linking strategies to successful growth objectives within these three sectors that are mutually integrated.
The global oil, gas, and petrochemical industry is changing dramatically in all dimensions, including supply/demand balance, competition, technologies, organisational structures, and government policies. To become the top players of tomorrow, all business leaders must be able to deal with all dimensions of development and successfully navigate the evolving risk view.

This training course will highlight:

- The changing dynamics of the oil, gas, and petrochemical industry
- Best practice in analysing requirements for sustained success
- The latest thinking in theory and practice of leadership
- Driving and leading strategic change in this business
- Guidelines on the practical application of the course

Course Objectives of Leadership & Strategic Study

By the end of this training course, participants will be able to:

- Appreciate and understand each of the 3 dimensions of the training seminar: (i) oil, gas, and petrochemical trends, (ii) leadership, (iii) strategic thinking
- Develop action plans that link strategy to achieving and sustaining profitable growth
- Evaluate, select and apply key strategic planning frameworks
- Improve leadership skills to create a systematic approach to business analysis and strategy execution
- Identify priorities for continued personal and team development

Course Methodology of Leadership & Strategic Study

This training course will be highly participatory, and the course leader will present, guide, and facilitate learning, using a range of methods including formal presentation, discussions, sector-specific case studies, and exercises. Above all, the course leader will make extensive use of real-life case examples in which he has been personally involved.

Organisational Impact of Leadership & Strategic Study

In sending the participants to this course, the organisation will gain the following benefits:

- Improved leadership performance at all management levels
- The greater commitment of teams and individuals to achieving goals
- More rapid reaction to changes in the business environment
- Closer alignment of strategic and operational activities
- More cohesive teamwork across different organisational functions
- An improved planning approach that will sustain profitable growth

Personal Impact of Leadership & Strategic Study
